

<Guidelines for countries excluded from quarantine exemption for the fully vaccinated>

- We inform you of the countries that are excluded from application of self-quarantine exemption for the fully vaccinated in Korea or overseas upon entering Korea as following.

【Main information】

- Our office applies quarantine exemption (Since March 21) for those who have completed vaccination for Covid-19 when they enter Korea. However, the cases of entering from the countries that are excluded from quarantine exemption for the fully vaccinated are exceptions as of the date of entrance, and the countries concerned are as following.

| Category | Countries excluded from quarantine exception for tthe fully vaccinated | |
|---------------------|--|--|
| | March 21~March 31 | From April 1st |
| Countries concerned | (4 countries) Myanmar, Uzbekistan, Pakistan, Ukraine | (3 countries) Vietnam, Myanmar, Ukraine |

※ Countries that are excluded from quarantine exemption for the fully vaccinated will be updated every month.

[Reference]

Entry without quarantine is possible for layovers who transiting through countries that excluded from quarantine exemption, unless you stayed or entered from the very countries(personal identification required).

- However, for entrants who have visited or stayed in the countries that excluded from quarantine exemption in the last 14 days, entry without quarantine is not possible.
